Engineering Specification: An expandable wing nut driven rubber test plug with metal end plates to be used for low pressure water test, not to exceed 5 PSI on drain waste and vent plumbing systems.

DWV Plumbing Expandable Test Plugs

- For water test only
- Synthetic rubber plug
- Nickel plated steel end plates
- Available in six sizes
- Non domestic manufacture

**Important:** cannot be used on any DWV system where pressures exceed 5 psi

### PART NUMBER | SIZE | SIZE | SIZE
--- | --- | --- | ---
4801 | 1” | 0.886” | 1.26” | 1.3”
4802 | 1-1/4” | 1.142” | 1.52” | 1.3”
